

Special Gifts / Memorials

During the planning stages of the Chancel Renovations project a number of items were removed from the project by various committees in order to meet the financial resources available to fund the project. The project was approved by the Congregation on February 15, 2009 and work has begun on the renovations. Several people have come forward and made generous designated contributions to the project that allowed us to add certain items back into the project. We want to give everyone an opportunity to participate in this special giving. Below are two lists of items that were removed from the construction project and the organ that could be returned to the project as a Special Gift or Memorial:
